EXPERIENCE

Assistant Teaching Professor July 2025 – Present
Lecturer August 2017 – June 2025
Director of Media Center Operations September 2020 – Present
Penn State University: Bellisario College of Communications
State College, PA
Teaching responsibilities include COMM 283 Intro to Multicamera Production. Have taught COMM 383 Advanced Multicamera Production and First Year Seminar. Served as co-lead of design and construction of the Bellisario Media Center. As director of operations, oversees the daily operations, resource management, and strategic planning for the cutting-edge media facilities. This role ensures functionality of equipment, supports student projects, and drives initiatives to maintain the center's reputation as a premier educational and production facility. Responsibilities include managing technical systems, training users, evaluating and recommending equipment, and implementing advanced media technologies.

Assistant Director of Facilities and Technology
Indiana University: The Media School
Bloomington, IN
July 2015 – July 2017
Developed and implemented $5.5 million technical budget for The Media School's new home in historic Franklin Hall. Coordinated design and integration of state-of-the-art TV studio and control room, an interactive newsroom, two radio/podcast studios, 14 classrooms, eight conference rooms, 20 video edit bays, a 40-seat computer lab, a 16-seat game design lab, and a film screening room. Implemented new inventory/asset management system.

Studio Manager
Indiana University: School of Journalism
Bloomington, IN
September 2013 – July 2015
Coordinated and supervised student newscast production in School of Journalism Digital Studio. Researched, ordered, and configured professional studio and control room equipment. Shot/edited school video projects. Supported the school's broadcast and digital media students with technical and editorial assistance.

Producer
News 14 Carolina (TWC/ABC)
Greensboro, NC
December 2011 - August 2013
Launched News 14 Carolina on ABC 45 -- the only affiliate newscasts produced by a cable news channel in the United States. Produced weeknight 6:00 & 11:00 live newscasts. Produced live breaking news coverage. Produced special live coverage of political conventions and election nights. Built rundowns, wrote stories, edited video, created graphics. Coordinated live shots with field crews. Produced topical promos for air during ABC primetime programming.

Producer
News 14 Carolina (Spectrum News)
Raleigh, NC
January 2011 - November 2011
Responsible for 12 hours of news content each day in 24-hour environment. Produced morning and midday news wheels. Supervised production control room. Boothed live shots for multiple markets. Wrote stories, contributed story ideas, coordinated coverage plans, edited video. Served as a mentor for associate producers.

Multimedia Lab Director
IU School of Journalism
Bloomington, IN
November 2007 - December 2010
Produced multimedia projects for the IU School of Journalism. Managed the school's multimedia lab, which serves 1200 students. Supervised 10 student employees. Executed HD transition. Served as advisory board member to IUSTV. Contributed video and photo content to journalism.indiana.edu. Taught J362 Multimedia Storytelling. Filled in as anchor/producer of WTIU Newsbreak.

Anchor/Reporter
WNEG-TV (CBS), Toccoa, GA
February 2006 - October 2007
Produced and anchored weekday morning newscast. Produced Georgia Journeys, a weekly feature franchise. Reported daily as a one-man band. Assigned stories to reporters. Contributed daily to wneg32.com.
